

Board Meeting Synopsis

June 24, 2021

The Heritage Sask Board met virtually on June 24. Prior to the meeting, we had a presentation on the organization's work on Enterprise Risk Management and a great follow up conversation on risk appetite, options for risk mitigation, and the Board's role in this work moving forward. After that, the Board was introduced to the Heritage Sask staff and had a chance to learn about each of their roles and put names to faces, as well as hear about some of the exciting upcoming projects. The formal part of the meeting went well and there were no issues of concern. During the trends and discussions portion at the end of the meeting, the Board talked at length about the recent discovery of 751 unmarked graves in Saskatchewan, the implications, and what our role can be moving forward with advocacy. We also discussed the reopening plan for Saskatchewan, the upcoming Heritage Awards, and the opportunity to meet in person early next year for a board meeting.
