

Heritage Saskatchewan Board Meeting Synopsis

November 29, 2023

The Heritage Saskatchewan Board of Directors met on 29 November 2023, via Zoom, to conduct their regular meeting. Board discussion on trends and issues included President Erin Folk, Vice President Ian Worme and Past President Emma Morris sharing their experience of attending the 2023 National Trust Conference held in Ottawa at the end of October. Board members attendance at this conference and at other partner organizations events is important in gaining awareness of what others are working on, as well as for contributing to the dialogue on both tangible and intangible heritage with our partner organizations.

Director Jennifer Rychlo provided the Board with a presentation on the use and success of ground penetrating technology in locating and/or identifying sites that are, or could potentially be, unmarked graves. The presentation was both interesting and informative, and Board members expressed that they are grateful that Jennifer and her colleagues are undertaking this important work.

Erin Folk,
President
